

Killeavy GAC Membership Registration Guide

If you have been using 'Return to Play' to complete Covid Health Questionnaires for yourself or your child(ren), then you already have a Foireann account. Go to www.foireann.ie and login as normal. Click on MEMBERSHIP on the left hand side menu and choose the option that suits. Use this guide to 'Add Family' if required.

If you have never completed a 'Return to Play' health questionnaire, then you probably don't have a Foireann account. Use this guide to help create your account, add a family and complete membership registration.

Step 1: Create a family

On the home page, click on 'Family' in the menu. Once on the Family page, click on 'add new family'.

Family

ADD NEW FAMILY

This section provides you with the functionality to manage your own, and your dependent's, interactions with your club(s). This includes receiving notifications from your club about training and matches, submitting health questionnaires, managing communication preferences and other membership related activities. You can add, remove, and edit family members below.

Enter a Name and Description for the Family.

When you confirm your family creation, you will automatically be assigned as a parent/guardian of this new family.

To add children to your profile, click on 'add child' and add your child's first and last name. Continue this process until all children have been added.

THE NEXT STEP IS VERY IMPORTANT:

All children should now appear under your family profile. You will now need to click 'edit' on each child to add their details such as date of birth. This is very important as it will be used when assigning teams and for ensuring that under 18s are only assigned youth memberships.

In the above screenshot, you can see that the 'Unfinished Test' child has a yellow warning triangle beside it to show that the details are not completed. All of the other Test 1-4 children have a green tick to show that their details have been completed fully. Complete all of the profiles with the same info used to create your own profile.

Step 2: Select a membership option for your family or child

Example 1: You have 1 adult and 4 children under 18. You may wish to choose the £140 Family Membership option. The below screenshot shows what this would look like:

The screenshot displays a membership selection interface. It is divided into two main sections: 'Add Adult Members to this Membership Option' and 'Add Youth Members to this Membership Option'. Each section contains a grid of individual member selection cards.
